

Agreement for the Purchase of a University Academic License of Advance Design America™

GENERAL CONDITIONS

- The network license and the fixed licenses for students and professors are composed of the same modules, which define the academic license.
- The network academic licenses (for the computer lab) or fixed licenses (professors/students) are renewable at a set date. They are active from **September 1st** of the current year to **September 15th** of the next year.
- The order form used for requesting an academic license (both pages of this document) must be signed by the **Director of the Civil Engineering Department** of the University and by the **Network Administrator** and faxed to CivilDesign Inc.
- The files that must be transmitted to CivilDesign to obtain user rights for students and professors can be sent more than once. Working stations can be added and removed during the license legal period.
- **For network licenses (LAB), the person in charge of Advance Design America academic licenses shall supply the following information to CivilDesign, in an Excel spreadsheet, for all working stations in the LAB :**
 - The working station name
 - The working station MacAddress (network card numbers)
 - The working station status :
 1. Addition
 2. Removal
- **For fixed licenses, the person in charge of Advance Design America academic licenses shall supply to CivilDesign, in an Excel spreadsheet, the following information on the Network Administrator and all the professors and students in Civil Engineering:**
 - The first name
 - The last name
 - A user valid e-mail (*The e-mail address is important to send the license files*).
 - A valid personal code (*Employee number, student number, etc.*) *This number is used to validate the access to our web site.*
 - The User type :
 1. Undergraduate
 2. Graduate
 3. Postgraduate
 4. Professor
 5. Network Administrator for Advance Design America
 - The User status :
 1. Addition
 2. Removal
- *The Network Administrator and the Director of the Civil Engineering Department* are both responsible of the supplied list of users (professors and students that have the rights to use a license) and must validate the list of the registered persons.
- **For a network license**, a directory name and password are assigned to each University allowing the download of Advance Design America upgrades, at any time, from our web site.
- **For fixed licenses**, students and professors are allowed to download the software, install it on their computer and obtain the license file on Internet.
- There is no restriction on the number of nodes or load combinations for a network academic license. It can be installed on an unlimited number of network stations.
- Academic licenses must be used for academic purposes only, in regular undergraduate and graduate classes. It is forbidden to use the academic licenses for consulting or commercial purposes, for training in engineering consulting firms, unless the existence of a written agreement with CivilDesign Inc.
- Only the network administrator and professors are authorized to contact CivilDesign for technical support.
